

LEAD. INVEST. UNITE.

Dear Knights Family,

Middle Georgia State University is embarking on a bold path forward for our intercollegiate athletics program. With the transition to NCAA Division II membership status and joining the Peach Belt Conference upon us, there has never been a more important time in the history of the MGA athletics program.

Middle Georgia State University is now in its 10th year following the consolidation of Middle Georgia College and Macon State College. Over the course of our rich history, the athletics program for MGA has developed a reputation of academic and athletic excellence.

After one of the best seasons in MGA's athletics history, we are following that success with influential changes and cutting-edge ideas to help build our program into one of the best NCAA Division II athletic departments in the country. With the excitement building on campus for the transition to the NCAA and the Peach Belt Conference, now is the time to reintroduce an exciting initiative: The Knights Athletic Association.

Through this renewed structure, we aim to grow MGA's brand both regionally and nationally. Donors can now enjoy enhanced giving levels, premium benefits, and engagement opportunities. Your generosity equips our student-athletes to excel in competition and academics — and prepares them for their career and life after sports.

The Knights Athletic Association is the primary umbrella encompassing all your generous giving to MGA Athletics and operates under the direction of the MGA Foundation. The KAA includes our annual fund (Knights Annual Club), scholarships, planned giving, major gifts, corporate sponsorships, sport-specific giving, capital projects, and more. This initiative is the hub for all financial support providing necessary resources for Knights Athletics.

I encourage you to join us in supporting the Knights Athletic Association and invest in building champions—on the field or court, in the classroom, and in life.

Go Knights!

Michael R. Brown
